

# DAESAN MANUAL HOIST

**DAESAN** portable, light weight hand chain hoists are compact and provide a dependable working tool for industrial maintenance, construction sites, machine shops, and production situations where parts need to be positioned accurately but infrequently.

**Covers** : Protective steel covers can easily be removed for inspection and maintenance. Wheel cover & brake cover protect block from dust and rain.

**Mechanical Load Brake** : Can hold a capacity load stationary at any position.

**Hooks** : All hooks are drop forged, heat treated steel with spring type latches. Both hook rotates 360 for easy rigging.

**Chain Guide** : Allows smooth operation of load chain.

**Load Sheaves** : Deep cast pockets precisely fit the load chain. Load shafts are supported by prelubricated bearings for smooth operation.

**Load Chain** : Electric welded G80 alloy steel chain is heat treated for wear resistance and strength. Accurately and uniformly sized to seat properly in load sheaves.
